CA Governor's Emergency Powers

Due to actions initiated by the State that supersede local authority, Norwalk residents have seen far reaching effects that might continue to impact them. The Norwalk City Council will ensure residents are both informed and protected from the governor's broad use of his "Emergency Powers" by continuing to take proactive approaches to these actions.

In the most recent update for Project Roomkey (PRK), a collaborative effort established in March 2020 by the State and County to temporarily house vulnerable people experiencing homelessness during this pandemic, there were a total of 204 rooms being occupied, with a total number of 226 participants in the program.

In other news, the Project Homekey (PHK) site in Norwalk, which is the state's plan to permanently house homeless residents, has been closed since March 29 due to a fire that caused damage to the building. All occupants have been relocated to other sites, with some being transferred to other Project Homekey locations.

Legal challenges to Governor Newsom's use of emergency powers continue. On April 21st, oral arguments were made by the plaintiffs at the 3rd District Court of Appeals. Updates on this litigation will be given as it develops.

The City will continue to monitor any new developments regarding these issues and inform residents accordingly.

-VIRTUAL-
MEMORIAL DAY
CEREMONY

The City of Norwalk will honor our fallen heroes via a virtual Memorial Day event. Please tune in on Monday, May 31 at 11 am on social media or our local access channel.

Reroute in the Works:

Athens & Nationwide Environmental Services

The City of Norwalk is partnering with Athens Services and Nationwide Environmental Services to update their routing schedule to provide more efficient services to Norwalk residents. The City has identified multiple areas within city limits that will have both their waste & recycling collection and their street sweeping days changed. Additional areas in the City may also note the timeframe for their street sweeping service will change. For example, rather than having a 5 hour parking restriction, some areas may see this reduced to 4 hours. The change is expected to be more convenient for residents.

Keeping the streets clean and free of debris is essential to maintaining a beautiful, safe city. To ensure the cleanliness of our neighborhoods, street sweeping must be performed after the waste & recycling collection day has occurred.

It is anticipated that these new routes will reduce both Athens and Nationwide vehicle travel miles — reducing their carbon footprint and being more convenient for residents. For more information please visit their websites. You can also visit www.norwalk.org for additional info, including a map of the new collection and sweeping schedule to take effect this summer. The City will update street signs to reflect the changes, and will continue to share updates on the reroute leading up to implementation.

 **Nationwide Environmental Services:**

La ciudad de Norwalk en colaboración con Athens Services y Nationwide Environmental Services actualizará un cambio en la ruta de servicio de basura y barrido este verano para proporcionar servicios más eficientes para los residentes de Norwalk.

Hemos identificado varias áreas en la ciudad que tendrán cambio de día de colección de basura y barrido de calles. También habrá áreas donde el tiempo de barrido se cambiará; en vez de la restricción de 5 horas, se reducirá a 4 horas.

Se anticipa que estos cambios reducirán las millas de viaje de los camiones de servicio, reduciendo la huella de carbón, tal como ser más conveniente para los residentes. La ciudad continuará a compartir información acerca de los cambios con la comunidad.

Earthquake Preparedness

It is not a matter of IF, but WHEN the next big earthquake will strike.

The reality of these words is what makes it so vital that we take the opportunity to prepare for the next big earthquake before it happens. Help us create a more disaster-resilient community by following some simple earthquake safety tips:

What to do **BEFORE** an earthquake - Prepare:

1. **Create a Disaster Supply Kit for your home filled with at least three days of supplies: Include food, water (one gallon per person per day), a first aid kit, flashlights, a radio, and batteries.**
2. **Make a "go-bag" filled with portable necessities in case you have to leave in a hurry: Include cash, important documents, clothes/shoes, personal hygiene items, and baby/pet/special need essentials.**
3. **Create a Family Communication Plan: Choose a safe place for everyone to meet in case you are separated or your home must be evacuated. Maintain an emergency contact list including someone from out of town that everyone can check in with.**

What to do **DURING** an earthquake – Protect Yourself: Drop, Cover, and Hold-On

Most injuries in earthquakes occur from falling or flying objects, so the best way to protect yourself is: **DROP** to the ground, **COVER** your head and neck, and **HOLD ON** to a sturdy table, desk or piece of furniture. Don't get in a doorway! Don't run outside!

Plan ahead: look around your home, school or office to identify safe places that you can Drop, Cover and Hold-On in the event of an earthquake. Look for any hazards or overhead items that could potentially cause injury as well.

How to **REACH OUT** – Community Support:

Make connections with the people around you to form a personal support network. Identify two neighbors and agree to watch out for each other. Contact your local Neighborhood Watch block captains and places of worship to help prepare and engage with others.

Local Autism Awareness Advocate

Last month Norwalk City Council proclaimed April as Autism Awareness Month. Norwalk resident, and autism advocacy figure, Jeani Crist, accepted the proclamation. Jeani Crist has been working with autistic children for over 20 years, and is a specialized one-on-one autism therapist.

Autism is a developmental disability characterized by a range of successes and challenges with socialization, communication and behavior. The symptoms of autism typically are present before age three and often are accompanied by abnormalities in cognitive functioning, learning, attention and sensory processing. Autism affects one in every 59 children in the United States, and is four times more likely to occur in boys than in girls. Autism can affect anyone, regardless of race, ethnicity or other factors. Parents and relatives of individuals with autism are commended for their sacrifice and dedication in providing for the special needs of individuals with autism.

The need for early intervention services begins soon after a child has been diagnosed with autism because early intervention significantly improves the outcome and can reduce the level of funding and services needed to treat people with autism later in life. Jeani Crist believes the importance of training programs that are tailored to the needs of developmentally disabled persons with autism can be, and are, vital to help them become productive members of the workforce. Thank you Jeani Crist for your contributions toward making Norwalk more aware of autism.

Local Hazard Mitigation Plan Progress

Thank you to everyone who participated in the LHMP community hazard survey so far! One of the most important survey questions asked was regarding which hazards the Norwalk community was most concerned about. The following represent the top five hazards that are on your mind:

1. Earthquakes
2. Public Health Pandemics
3. Cyber Attacks
4. Critical Infrastructure Failures
5. Severe Weather (i.e. extreme heat)

It's not too late to join the process and let your opinion be known. Complete the following survey about Norwalk's risks and take an active role in keeping your City safe:

<https://www.surveymonkey.com/r/T8JVZH3>
You can also attend a Steering Committee meeting to provide input. The next meeting will be held on Friday, May 21, 2021 at 3 p.m.

2021 Home and Business Beautification Contest

It's that time of year when the Community Promotion Commission invites Norwalk property owners and residents to be recognized for their efforts to keep our city beautiful. The annual Home and Business Beautification Contest is open to all single and multiple family residences and businesses in Norwalk, and celebrates the efforts of our community members to keep their properties attractive and well-maintained, fostering neighborhood pride. Application deadline is May 31, 2021. Applications are available online at norwalk.org or may be picked up in the Community Information Center at City Hall.

Winners will be selected in four categories:

- Home Beautiful
- Multi-Family Dwelling
- Home Improvement
(Applicant **MUST** provide "before" AND "after" photos.)
- Business Appeal

Participants may only enter in one category. Nominate a friend or neighbor, or enter your own property for consideration. Winners receive recognition at a City Council meeting and signage commemorating their award. Please contact Public Affairs at 562-929-5735 or publicaffairs@norwalkca.gov for more information.

Residents have reported receiving phone calls from unlisted phone numbers at odd times of the day. We recommend caution when calling back, especially if you don't recognize the name or telephone number. The Federal Communications Commission (FCC) is warning the public of the "one ring" scam.

How this scam works:

- Scammers allegedly target specific area codes in spurts and often call multiple times a day. They immediately hang up after one or two rings.
- When you call the telephone number back, a cost is paid to the scammer. It is not just a flat fee, you can also be charged with significant charges per minute for as long as they keep you on the phone.

The victim will eventually notice the charges on their bills as "premium" charges.

How to avoid this scam:

- Don't answer or return any calls from numbers you don't recognize.
- Check to see if the area code is international.
- If you don't make international calls, have your local telephone company block outgoing international calls on your line.
- Always be cautious, even if a number appears authentic.

Robocalls are becoming a nuisance. Know how to ward off these types of calls and avoid being a victim of this potential scam. If you feel that you are a victim of an international phone scam, you can file a complaint with the FTC: <https://reportfraud.ftc.gov>

Bike Safety

As we experience warmer California weather, the Public Safety Department would like to remind residents of bicycle safety tips that help keep everyone safe:

- Wear a properly fitted helmet
- Ride in the same direction as traffic and as far on the right-hand of the street as possible
- Obey all street signs, signals, and road markings
- Do not text, listen to music, or use any other device that may distract you

Help Keep Our Parks Clean

When visiting our City's parks, we would like to remind residents to pick up after themselves to help keep our parks looking pristine. This includes picking up after your pets along with any trash or litter that you might bring to the park. Together we can all make a small effort to achieve a big result: to keep our parks clean and safe for everyone to enjoy!

Intersection Takeover

Street racing and blocking intersections to "peel out" and do "doughnuts" is illegal and inherently dangerous. If you participate in these dangerous and illegal activities, you risk the chance of seriously injuring yourself and others. You will also be arrested and your vehicle will be impounded. Do not drive recklessly and help keep everyone safe.

If you witness such activities occurring, please report them immediately to Norwalk Sheriff's Station at 562-863-8711.

Homebound Senior COVID-19 Vaccination

On Tuesday, April 6, the Norwalk Senior Center joined forces with Coast Plaza Hospital to provide COVID-19 vaccinations to homebound seniors in our community. Our homebound community members are the most vulnerable as they do not have the mobility nor the transportation to get to a designated vaccination site. Senior Center Staff identified the homebound seniors and assisted in logistics. The seniors and their families were grateful that the city provided this opportunity for their loved ones.

New! TVM at Metrolink Station

Effective Wednesday, April 14, 2021; R.J. & J. Construction, Inc. will start construction activities for a Transit Access Pass (TAP) Vending Machine on the westside section of the Norwalk Metrolink Station parking lot. The TAP Vending Machine (TVM) will offer commuters the ability to purchase TAP Card fare media on site, at our location anytime (Monday thru Sunday, 24 hours a day). TAP is a program that allows you to ride seamlessly across Los Angeles County and is a durable plastic card with a smart chip designed to make your transit experience simple and secure. TAP is accepted by L.A. Metro and 25 participating transit agencies in LA County.

Due to the construction activity, six (6) commuter parking spaces will be temporarily inaccessible. As a reminder, additional parking spaces are available on the 2nd level of the parking structure - on the westside of the Metrolink Station in Norwalk.

We apologize for any inconvenience and should you experience any difficulty locating available commuter parking spaces, please contact:

Holiday Trash & Street Sweeping Schedule

In observance of Memorial Day, there will be no street sweeping or trash collection on Monday, May 31. When there is no street sweeping, it will **NOT** be made up. Streets can only be swept on the posted day. However, trash collection **WILL** be made up. Trash will be collected the day after the normal collection day for the remainder of the week. For example, Monday's trash will be collected on Tuesday.

Important:

The altered schedule may cause trash collection to be on the same day as street sweeping in some areas. During these times, please place trash barrels up on the parkway (grass between sidewalk and street) to allow the sweeper to properly clean the street. We appreciate your efforts in keeping the streets safe and clean by ensuring trash cans do not interfere with sweeping.

For questions about trash collection, contact Athens Services at 888-336-6100. For street sweeping questions, call Public Services at 562-929-5511, with parking enforcement inquiries for Public Safety at 562-929-5732.
